I Am the Circular Letter

Progressiveness is my first
name. I make sales where other
circular letters fail. Why? Be-
cause I look like a personally
dictated letter. The Arnold Pro-
cess which creates me insures my
success. I am clean and clear,
and it's a pleasure to read me.

DISTRICT HEADS URGE CLEAN-UP OF THE CITY.

Commissioners Issue Proclamation Call-
ing Upon Citizens to Make City
Spick and Span.

SCHOOL CHILDREN WILL HELP

The District Commissioners yesterday
issued their clean city proclamation. From
April 14 to April 15 there will be a general
rubbishing. With the distribution of copies
of the proclamation, all who are inter-
ested in the campaign to improve the
health and appearance of the Capital will
redouble their efforts in preparation for
the week's work.

Many of the heads of the citizens' as-
sociations have expressed the intention of
making the campaign a vehicle for work-
ing wonders in the improvement of their
sections. The school children, who did
great service in last year's campaign,
are expected to win double laurels this
year.

O. E. DARNALL RESIGNS.

G. A. Stirling Succeeds Him as Na-
tional Training School Head.

Orton E. Darnall has resigned as
superintendent of the National Training
School for Boys and George A. Stirling,
assistant superintendent, has been desig-
nated his successor. It became known
yesterday.

Mr. Darnall's resignation will take ef-
fect in the near future. The resigna-
tion of his wife, who has been matron
at the school, was included in that of
her husband. Mrs. Hickey, one of the
"family" matrons and wife of E. L.
Hickey, one of the teachers at the
school, will be promoted to the position
of matron.

Mr. Darnall has been head of the
school for seven years and his resigna-
tion is much regretted by the trustees
of the institution. His management is
warmly commended as progressive and
able, and it is said that he did much
toward making the school a model in-
stitution.

U. S. AUTHORITY DENIED.

May Not Prosecute Homesteaders
Making False Statements.

The authority of the government to
prosecute homestead seekers who make
false statements concerning residence on
their land and other requirements of
the law was denied yesterday by the
United States Supreme Court in a de-
cision in the case of the government
against William George, of North Platte,
Nebr.

The authority of the government prop-
erly to enforce the provisions of the
homestead law so as to prevent fraudu-
lent entry depended on the construction
placed on the law by the Supreme
Court.

George was indicted for making fraudu-
lent homestead proofs at North Platte,
Nebr., by swearing falsely that he had
resided on the land and built a house in
accordance with the requirements of the
law. The Federal court of the District
of Nebraska sustained his demurrer to
the indictment on the ground that there
was no law requiring him, as the locator,
to testify at all concerning questions of
compliance with the provisions of the
law. These matters, the lower court
held, must be proved by two credible
witnesses and not by the locator himself.
From this decision the government ap-
pealed to the Supreme Court.

Settle the Question of Refrigeration Now

After a great deal of careful and critical investi-
gation we have boiled down the various makes of Re-
frigerators to two—as possessing the best features and
affording the most practical for family use. The Alaska
Refrigerator Co.'s and the Rhineland Refrigerator
Co.'s—and we are showing seven different grades—to
meet the requirements of every size home—in the small
apartment or the big house.

As you investigate you'll find these two makes have
mastered perfect hygienic construction—with the least
cost for ice maintenance.

The cases are of Hardwood, Opalite Glass, and Por-
celain—and the linings of Zinc, Enamel, Opalite Glass,
and Porcelain.

\$5.85 to \$140—each guaranteed

The Refrigerator illustrated is
